Proclamation of the Governor.

The President's call for 300,000 volunteers, to serve three years or during the war, to fill up the old regiments, makes the allotment to Centucky of 12,000 to be raised.

This call must be met, either by volunteers, or by draft, at an early day. The 5th of January is set by the President as the time of ordering the draft. This will give time for Congress to repeal the \$300 ex-

Volunteers will receive the liberal bounty and increased pay offered by the Govern-ment; the conscript will not. Volunteers select their own company and regimentthe conscript will be assigned without re gard to his wishes. The volunteer will be honored by his companions in arms and by nis country-the conscript will not.

Recruiting officers will be detailed from the various regiments and assigned their recruit ng posts by the Adjutant General. The proportion due from each connty, to equalize he service from the commencement of the war, will be made known by the Adjutant General, and notice thereof given. Each county will be required to furnish its allot nent either in volunteers or conscripts.

Recruiting for the twelve months service will cease with the authorities heretofore given, so soon as the regiments forming are

Let no man say he would volunteer if it were for defense of the State or to serve in the State Facts answer such declarations. For months you have been called on for such service, and tailed to respond. This

service is now closed to you. Kentucky now is, and must continue to be, exposed so long as there are rebel armies in the field. Guerrilla raids will cease when the rebel armies are broken up. The only se curity to your State against invasions and raids, is the destruction of the rebel armies Were our old regiments full even to the minimum, the days of rebellion would be numbered, and but few. The true defense of your State therefore is by filling the old reg-iments now in the field. This will give a crushing force, which must soon sweep the

rebel armies from the field.

It's better for you, and for the service that you enlist in the old regiments. It secures you from much of the dangers of camp and field, and greatly increases your efficiency as a soldier. These regiments are now his toric. They are ennobled by deeds of brave suffering and lofty heroism. Their banners bear inscriptions of living memories. By Barren—W. W. Warring, Union.

Remember that Kentucky has never waited for a draft. Kentucky patriotism is not for a draft.
